

**MAPLE AVENUE SCHOOL**  
**1984-1985**

## *Principal's Message*

Dear Graduates,

On behalf of students, faculty and staff of Maple Avenue School, I congratulate you upon completion of your elementary school program. You have been exposed to many processes, rules and facts that may be quite useful if you determine to make this learning a part of your daily life. Education is useless if you do not apply it. Use the guidelines for punctuation, grammar, mathematics, spelling and other subject areas when you talk and write.

Another area of growth is the ability to get along with other people. Remember the advice, to treat other people as you would want to be treated. No employer can appreciate the skill of a worker who stays in conflict with others. Practice keeping confidential information to yourself. Your friends will love you when they know you can be trusted.

May each of you find the future more successful than you had dreamed.

Sincerely,

*Geraldine Sims*  
Geraldine Sims,  
Principal
